Objective

To promote and raise awareness of responsible drinking.

Description

The consumer information **website** was updated in 2022. It contains five sections which have sub-sections relating to the topic:

- **Alcohol & Policies:** contains information on important facts and definitions; policies and laws related to alcohol consumption and responsible spirits advertising.
- **Health & Responsibility:** contains information on how alcohol affects the body; about alcohol consumption among young people and older people, and, alcohol during pregnancy.
- **Work & Leisure:** contains information about whether you can drink at work; questions and answers about drink-driving, and, information about keeping safe during sports and on holiday.
- **Tips & Help:** contains ten tips on how to drink with moderation; answers to common questions and correcting common myths; recommendations for first aid in emergencies and contact points for alcohol in Austria. The ten tips section provides a link to a quiz where users can test their knowledge about alcohol.
- About Us

Visibility of the website is spread through Members of the Austrian Spirits Association who add the website address to POS (Point of Sale) and communication materials. Co-operation with **Ministry of Transport** helped to increase awareness of drink-driving and led the start of the Austrian-wide media (billboard, TV, radio) campaign “Alkohol am Steuer: Könnten Sie damit leben?” (Drink-driving: could you live with it?) in October 2010.
