Objective

To enable pupils to understand the facts, causes, and consequences surrounding alcohol misuse.

To break the culture of underage drinking.

To reduce alcohol related harm among young people.

To help young people develop responsible attitudes towards alcohol.

Description

About: Smashed is Diageo's flagship global theatre-in-education programme aims to break the culture of underage drinking and reduce alcohol-related harm among young people around the world. Diageo has been the sponsor of the Smashed Project since its inception in 2004.

Collingwood Learning developed the programme in consultation with pupils and has executed it independently ever since. It was designed to engage with pupils in a different way to typical school lessons to help them understand the facts, causes, and consequences of alcohol misuse and the risks of underage drinking. The hope is that pupils would be equipped to deal with peer pressure and to make informed choices.

It is aimed at high school pupils aged 12-16. The programme is comprised of:

• A hard-hitting live theatre performance: A team of actors deliver the hour-long performance which follows a group of friends who get in trouble after misusing alcohol.

- An interactive workshop: The performance is followed by a 40-minute-long interactive
 workshop which includes activities and exercises. A question-and-answer session looks at
 making the right choices and the consequences of not. Pupils are invited to probe the
 cast on any of the issues brought up during the play and explore the consequences
 portrayed by the actors.
- Teaching materials and evaluation: Teaching resources and video clips from the performance are available for teachers to use as follow up.

Endorsements:

- In England the project forms a key part of schools Personal, Social, Health and Economic (PSHE) curriculum, has been endorsed by the UK government and was recognised at a parliamentary reception at the House of Commons in 2016.
- In Belfast, Northern Ireland the project is directly linked to the Learning for Life and Work Curriculum and endorsed by the CCEA (Council for the Curriculum, Examinations and Assessment). Additionally, Diageo held a parliamentary reception in the House of Commons to present Smashed in 2016.

Extension: In 2017, the programme was extended overseas. Countries include Australia, Brazil, Cambodia, China, Italy, Indonesia, Jamaica, Mozambique, Nigeria, Peru, Taiwan, Thailand, the USA and Vietnam.

Digital: In 2020, the programme was extended online and is called "**Smashed Online**". Smashed Online is a 60 – 90-minute course that uses filmed episodes from the Smashed story combined with interactive activities. Teachers can simply share the Smashed Online link with pupils, who can sign up individually. It is simple to use, and pupils can complete the episodes and save their work, returning to it at any time. A certificate can be downloaded on completion. There is also a guide for teachers.

Aim: Diageo's aim is to educate over 10 million people on the dangers of drinking underage through the programme by 2030.
